

## COMMUNITY HOSPICE & PALLIATIVE CARE: VOICE OF THE CAREGIVER PROJECT

At Community Hospice & Palliative Care, we deeply value our collaboration with family caregivers. Your insights are invaluable to us. In addition to the CAHPS survey, we have launched the Voice of the Caregiver project to better understand caregiver needs.

### **About the Project**

The Voice of the Caregiver project was created to gather feedback from family caregivers on their experiences and suggestions for improvements. This initiative has been highly successful, providing us with crucial insights that benefit all caregivers.

### **Continued Commitment**

Due to the project's success, we are committed to continuing the Voice of the Caregiver initiative. We are enthusiastic about the positive changes we can achieve together, fostering a culture of listening and innovation. This commitment is essential to delivering the best hospice experience for our patients and their families.

### **How You Can Help**

If you are contacted about this project, we hope you will participate and help us continue this successful initiative. Your feedback is vital in enhancing our services and ensuring we meet the needs of all caregivers.

Thank you for partnering with us!
